To whom it may concern:

This is to certify that CHLORIDE BATTERIES S.E. ASIA, PTE, LTD., one of our main sources for traction batteries, specifically CHLORIDE, CEIL & EXIDE, have served us satisfactorily for the years that we have been associated with them.

We are most especially impressed and satisfied with their excellent responsiveness not only in providing competitive prices but willingness to take full responsibility for shortfalls usually associated with international business transactions.

We likewise appreciate their providing us and our clients the much needed technical training to achieve the desired productive longevity of their product lines.

We take pride for being one of their business partners and therefore wish to extend our congratulations and best wishes to them.

This certification is being issued for whatever purpose it may serve them.

Very truly yours,

YALETRAK PHILIPPINES, INC.
